G.N.No.883/2026

TRADEMARKS ACT 2019

[Section 10; Regulation 6]

NORT No: 45/01NRUTM/2026

NOTICE OF APPLICATION FOR REGISTRATION OF TRADEMARK

The Registrar of Trademarks has received an application for registration of trademark as follows:

- (a) **Applicant's full name:** SKSHU PAINT CO., LTD.
- (b) **Address of the applicant:** 518 Liyuan Road North, Licheng District, Putian Fujian Province, CHINA
- (c) **Date application lodged:** 4th August 2026
- (d) **Time application received:** 11:22am
- (e) **Reference number for the application:** 45/01NRUTM/2026
- (f) **Representation, drawing or design of mark:**

Device:

Representation of the trademark is in black and white

- (g) **Goods or services for which the trademark is associated with:**

International Class:

Class 1: adhesives for industrial purposes; Agglutinants for concrete; Cement (Oil -) [putty]; chemicals for the manufacture of paints; Chloroprene; glue for industrial purposes; Gum arabic for industrial purposes; Hot-melt adhesives; Industrial chemicals; Liquid glues, other than for household or stationery use; Oil cement

G.N.No.883/2026 (Cont'd)

[putty]; plasticizers; synthetic resins, unprocessed; Unprocessed polyvinyl acetate resins.

Class 19: Plywood; mortar for building; cement; concrete building elements; tiles, not of metal, for building; fireproof cement coatings; Waterproofed cardboard for use in building; building materials, not of metal; buildings, not of metal; coatings [building materials]; Building panels, not of metal; manufactured timber; Waterproofing boards (Non-metallic -); Wood boards; Building boards made from wood and waterproof resins; resinous composite plate.

Class 37: building construction supervision; construction; Commercial construction; painting, interior and exterior; upholstering; varnishing; painting or repair of signs; machinery installation, maintenance and repair; rustproofing; furniture maintenance;

A person may lodge a notice of opposition to the Registrar within 21 days of gazettal of this Notice.

**NOTICE OF APPLICATION FOR REGISTRATION OF TRADEMARK –
ORACLE– Word– CLASS 42**

The Registrar of Trademarks has received an application for registration of trademark as follows:

(a) Applicant's full name: Oracle International Corporation

(b) Address of the applicant: 500 Oracle Parkway Redwood City California 94065, United States of America

(c) Date application lodged: 12th March 2026

(d) Time application received: 13:19pm

(e) Reference number for the application: 10/01NRUTM/2026

(f) Representation, drawing or design of mark:

Word:

ORACLE

(g) Goods or services for which the trademark is associated with:

Class 42: Non-downloadable software; software as a service (SAAS); platform as a service (PAAS); databases as a service (DBAAS); infrastructure as a service (IAAS); leasing of computer hardware for use in cloud computing and rental of computer hardware; leasing of computer hardware; computer services, namely, providing computer software, platforms, infrastructure, databases and data as a service; computer services, namely, providing cloud computing services in the field of a full line of computer software to manage, analyze, retrieve, monitor, maintain, report on, structure, model, forecast, present and display data and information from computer databases, applications and the internet, and for the development, analysis, management, integration, deployment, virtualization and maintenance of computer software and hardware; providing temporary use of on-line downloadable database software to manage, monitor, track and organize data; providing temporary use of on-line downloadable computer software applications to manage, monitor, track and organize data, namely, web services software, application server software, business intelligence software, internet and intranet portal software, computer software to automate data warehousing, content management software, telephony software, electronic mail software, electronic messaging software, scheduling software, social networking software, wireless communications software, operating system software, computer utility software, computer networking software, security and identity management software, virtualization software, cloud computing software, voice enablement software, and computer programs for use in developing and executing other computer programs on computers, computer networks, and global communications networks; computer services, namely, providing platforms as a service (PAAS) and infrastructure as a service (IAAS) featuring computer software and hardware platforms for creating web applications, data storage and backup, database

management, virtualization, networking, collaboration, access, support, cloud computing, data sharing, data security, administration and management of computer software and hardware, and distribution and transmission of data and information; computer services, namely, providing databases as a service (DBAAS), namely, cloud hosting of computer databases for others; computer services, namely, providing data as a service through a customizable software platform for collecting, analyzing, integrating, transforming and providing access to data and information; platform as a service (PAAS) featuring computer software platforms for multi-chain, multi-cloud network management that deploys nodes and connects them to blockchains, and that enables users to manage blockchain applications; providing on-line non-downloadable computer software for enabling users to electronically create, exchange, store, send, receive, accept, and transmit digital tokens based on the blockchain technology; computer services, namely, providing on-line non-downloadable computer software for developing, building, and operating distributed applications; software as a service (SAAS) services featuring software for the encryption and authentication of the integrity of all data, digital assets, documents, and files across multiple channels using blockchain technology; platform as a service (PAAS) featuring blockchain-based computer software platforms and distributed computing software platforms for auditing and verifying digital information and codes; design, development and implementation of audit and security computer software for blockchain-based platforms; electronic data storage, namely, providing a blockchain technology-based, distributed database ledger for the storage of public, private or encrypted data, transactions and information; developing and updating of computer software for use in managing blockchain data; application service provider (ASP) featuring application programming interface (API) software for providing a platform for the development, testing, and integration of blockchain software applications; application service provider (ASP), namely, hosting computer application software for the purpose of developing, testing, and integrating blockchain applications and software; software as a service (SAAS) featuring software for developing, deploying, updating, and monitoring the performance of machine learning, deep learning, data science, predictive analytics, automation, and artificial intelligence applications; platform as a service (PAAS) featuring computer software platforms for building, hosting, and deploying chatbots and digital assistants; software as a service (SAAS) services featuring software for building, hosting, and deploying chatbots and digital assistants; application service provider (ASP) featuring application programming interface (API) software for building, hosting, and deploying chatbots and digital assistants; consulting services in the field of software as a service (SAAS), namely, providing machine learning based predictive security, threat detection, security analytics, remediation and in-context cognitive advice to users seeking to protect and secure computer systems; computer services, namely, providing computer software as a service (SAAS) to collect, manage, analyze, retrieve, monitor, maintain, report on, structure, model, forecast, present and display data and information in the fields of national defense, national security, military operations, cyber defense, cyber security, satellite imagery, public safety, public sector administration, law enforcement, public health, healthcare, clinical trials, blockchain technology, digital tokens, and non-fungible tokens (NFTs); computer services, namely, providing platforms as a service (PAAS) and infrastructure as a service (IAAS) featuring computer software and hardware platforms in the field of national defense, national security, military operations, cyber defense, cyber security, satellite imagery, public safety, public sector administration, law enforcement, public health, healthcare, clinical trials, blockchain technology, digital tokens, and non-fungible tokens (NFTs); providing online non-downloadable computer software for use in the healthcare field, including software for managing, storing, analyzing, maintaining, processing, structuring, reviewing, building, editing, distributing, communicating, organizing, sharing, referencing, monitoring and integrating healthcare information; design for others of computer software for use in the healthcare field; implementation, maintenance and repair of computer software for use in the healthcare field;

G.N.No. 884/2026 (Cont'd)

including troubleshooting of healthcare software via telephone, electronic and on-site communication; providing an interactive computer interface that enables users to access and track medical information for use by physicians and practitioners in the health industry on a global computer network; platform as a service (PAAS) featuring computer software platforms for multi-chain, multi-cloud network management that deploys nodes and connects them to blockchains, and that enables users to manage blockchain applications; providing on-line non-downloadable computer software for enabling users to electronically create, exchange, store, send, receive, accept, and transmit digital assets, digital tokens, and non-fungible tokens (NFTs) based on the blockchain technology; software as a service (SAAS) services featuring software for the encryption and authentication of the integrity of all data, digital assets, digital tokens, non-fungible tokens (NFTs), documents, and files across multiple channels using blockchain technology.

A person may lodge a notice of opposition to the Registrar within 21 days of gazettal of this Notice.
